

MasterFILE™ Select

Designed specifically for public libraries, *MasterFILE Select* contains full text for nearly 800 periodicals covering general reference, business, health, education, general science, multicultural issues and much more. This resource also includes:

- Full text for more than 1,200 pamphlets
- Full text for 35 reference books
- Full text for more than 7,200 *Magill Book Reviews*
- Over 1,100 Primary Source Documents including the U.S. Declaration of Independence, U.S. Constitution and many Supreme Court cases.
- Image Collection: 199,000 photos, maps and flags.

General Science Collection™

This database provides information on all aspects of the scientific world and offers full text coverage for more than 60 of the most popular science publications including *Archaeology*, *Astronomy*, *Discover*, *National Geographic*, *National Wildlife*, *Poptronics*, *Popular Science*, *Science News* and *Scientific American*. General Science Collection also includes *Great Scientific Achievements of the Twentieth Century* from Salem Press. This is a multi-volume encyclopedia covering 500 scientific milestones of the twentieth century and includes, for each one, in-depth information about the people involved, background on the achievement and the science involved, and a description of the impact on modern life.

Science Reference Center™

Science Reference Center is a comprehensive research database providing easy access to a multitude of full text science-oriented content. Designed to meet every student's science research needs, it contains hundreds of science encyclopedias, reference books, periodicals, and other sources. Includes topics in biology, chemistry, earth & space science, environmental science, health & medicine, history of science, life science, physics, science & society, science as inquiry, scientists, technology and wildlife. Science Reference Center offers standards-based content by providing educators with articles correlated to curriculum standards.

Primary Search®

Primary Search, designed specifically for the young researcher, contains full text for more than 60 popular, elementary school magazines. All full text articles are assigned a reading level indicator (Lexiles). Additionally, Primary Search features:

- More than 50 full text student reference books including *Funk & Wagnalls New Encyclopedia* and *American Heritage® Children's Dictionary**, 3rd Edition from Houghton Mifflin
- Full text for over 100 student pamphlets
- *Encyclopedia of Animals™*
- Image Collection: 199,000 photos, maps and flags

* The *American Heritage® Children's Dictionary* by the Editors of the *American Heritage® Dictionaries*, published by Houghton Mifflin Company. All rights reserved.

Access *Primary Search* via *Searchasaurus®*. Complete with erupting volcanoes, dinosaur guide and compass, *Searchasaurus* is an exciting and easy way for kids to experience online searching. It is an animated interface with a dinosaur theme that encourages students to enhance and develop basic search methodologies.

TOPICsearch™

This current events database allows researchers to explore social, political & economic issues, scientific discoveries and other popular topics discussed in today's classrooms, including controversial opinions and viewpoints. TOPICsearch contains:

- Full text for over 92,000 articles
- 3,000 diverse sources including international and regional newspapers, EBSCO's unparalleled periodicals collection, biographies, public opinion polls, book reviews, pamphlets, government information and EBSCO's *Current Issues* database
